All our Don Bosco Schools strive to empower the young by identifying the capabilities hidden in our students and by finding creative strategies to convert these capabilities into very useful and relevant skills to achieve great things for themselves and for society in general.

SKILLS FOR SUSTAINABLE LIVING

All Don Bosco Technical Institutes take young people from the poorer sections of society and offer them not merely skills for a job but also transform them into responsible, hardworking citizens.

Catering to the skilling and employability needs of the youth, Don Bosco Technical Institutes in India have given skill training to thousands of young people.

Don Bosco Vocational Training Institutes offer Government Certified Diploma courses and Non-formal Technical Institutes offer certificate or diploma courses for those who have not completed school education.

Following in the footsteps of Don Bosco, these Don Bosco Technical Institutes offer the best machinery to the young.

Don Bosco Technical Institutes in India have well equipped workshops with state of the art machines.

The Government of India has recognised the Salesians of Don Bosco as the largest Non-Governmental Provider of Technical Education in the country.

The 120 Don Bosco Technical training centres in India provide skill training to 24,878* young people every year.

Don Bosco India through its Social development Organisations have concentrated on Social Justice for all.

They have laid emphasis on justice for women.

Don Bosco India ventured to promote:

- Equal rights for women
- Education to Girl child
- Work against domestic violence
- Unite women against gender based violence
- Eradicate exploitation of women
- Fight against child marriage

CONSERVATION OF NATURE

The Don Bosco Social Service centres have developed a series of programmes in the recent years to focus on Ecology concerns:

- Preservation of water and avoiding water pollution
- Preservation of land from degradation
- Conservation of energy in all its forms (Electricity)
- Solid pollution and waste management
- Noise pollution and methods to avoid it
- Avoiding plastics
- Rain water harvesting
- Renewable energy usage and harvesting

The following are the novel trainings implemented across India:

- Organic Agricultural Training
- Sustainable Livelihood Training
- Watershed management Projects
- Promotion of Eco-clubs
- Tree Plantation Drives
- Environmental Protection Programmes
